

# Wings on King — Your Registration Form

a project to discover and tell the story of King Island's birds

## Benefits of registering with Wings on King

If you register with the Wings on King:

- you will be able to survey sites on Private Land
- you will be welcomed to the Island and have a personal Assistant (WoKA)
- you will have a Field Plan designed and tailored for you.

## Who needs to register?

Each group or individual needs to register with Wings on King on a Participant Registration Form [link].

If a large group decides to work as two separate groups, then each group needs to complete a Registration Form.

Before beginning a survey:

- a person surveying by themselves needs to be a registered BirdLife Birddata contributor; and
- at least one member of a Group must be a registered BirdLife Birddata contributor.

You can register as a Birddata contributor [at Birddata Registration](#)  
<http://birddata.com.au/login.vm> .

If you are a registered Birdlife Birddata contributor but have forgotten or lost your login details, then please contact the BirdLife Birddata managers directly: T (03) 9347 0757 or Email: [atlas@birdlife.org.au](mailto:atlas@birdlife.org.au)

Some questions on this form cannot be completed until you arrive on the Island.

You can answer them with your WoKA.
